OUR COLLECTION OF THE BEST POOL BRANDS

The purchase of your very own swimming pool is an exciting time! A cool-off in summer, recreation for the kids and poolside barbecues have infinite appeal, yet with so many companies to choose from, how can you be sure you are getting the very best pool for your investment? Look no further.

We are a local pool centre, operating in your area, offering a collection of the very best swimming pools available. We have conducted all the research and negotiated exclusive deals with Western Australia's leading swimming pool companies in order to offer you a premium range of fibreglass pools from Aqua Technics, Buccaneer Swimming Pools and Sapphire Pools at the very best prices.

When you invest in a swimming pool with us, you can rest assured your pool has been built to Australian Standard 1838 under license 1906, includes an Extended Lifetime Structural Warranty and is available with the award-winning Pool ColourGuard®, for brilliant colour guaranteed not to fade.

Best of all, you can expect to receive a level of customer service that is second-to-none from your local pool specialists - it's really that simple when you deal with the experts.

WHAT SETS US APART FROM THE REST

Our range of fibreglass pools are the best quality you can buy. They are stronger, look better and will last longer. But don't take our word for it. The proof our pools are better can be found in the logos below.

FADE FREE

Available with Pool ColourGuard® surface protection, which resists the effects of UV rays and chemicals, guaranteeing pool colour that will not fade.

PRECISION MOULDS

New designs are built using a 5-axis CNC router with computer generated sculpting robotics ensuring precision moulds built to exacting tolerances. The edge beams are true, the shapes geometrically perfect and the surface finish is without peer.

QUALITY ASSURED

Certified to build to AS/NZS 1838 under license 1906 and measured and tested by an authorised, independent auditor. Anyone can say they build to the Standard. For your peace of mind always ask for a license number. Pools are also manufactured in compliance with the ISO 9001 Quality Management System.

SUPERIOR STRENGTH

Full sized structural ribs, fully supported steps and bench seating and a wider edge beam mean the pool is independently structural and eliminates the need for secondary engineering works. New high strength, corrosion resistant fibreglass produces a stronger, stiffer pool – pools are up to 20% stronger.

LIFETIME WARRANTIES

Pool ColourGuard® Lifetime Interior Surface Guarantee# and Extended Lifetime Structural Warranty - our commitment to providing extended warranties above those standard in the SPASA contract.

SUPERIOR MATERIALS

All pools are manufactured using new generation, high performance, corrosion resistant, eco-friendly fibreglass with improved strength and stiffness. An onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used - no general purpose products.

ANTI-MICROBIAL PROTECTION

Microtech Anti-Microbial Pool Protection guards the pool's surface against the growth of bacteria, making it exceptionally hygienic and safer for your family.

MADE IN WA

All pools are individually made to order, to suit local conditions, at Western Australia's largest and most technologically advanced pool production premises, located in Welshpool.

*Conditions apply

FURTHER PROOF OF A BETTER POOL

We are proud to offer a range of swimming pools that are superior in every way and meet stringent quality standards. Compare the following list of swimming pool inclusions with any other pool company to confirm our value promise - you just may find yourself suitably impressed.

LEADING MANUFACTURING PROCESSES

- Advanced fibreglass and resins – no general purpose materials used
- In-house gelcoat manufacturing facility ensuring quality, fresh materials
- In-house industrial chemist overseeing product quality
- All pools made to suit local conditions

SUPERIOR STRUCTURAL ELEMENTS

- Enclosed steps and swimout areas for added support
- Full-width floor and full depth walls* for maximum swimming area
- Reinforcing ribs for added strength
- Fully-matched lamination system
- Exclusive multi-layered structure

POOL COLOURGUARD® TECHNOLOGY

- Revolutionary, award-winning surface protection system
- Patented technology - Australian patent number 2009340370
- Brilliant pool colour that is guaranteed not to fade and resist the effects of UV rays
- Lifetime Interior Surface Guarantee#
- Lasting, high gloss finish never before seen on swimming pools

MICROTECH ANTI-MICROBIAL POOL PROTECTION

- Incorporates inorganic bacteria and mould killing anti-microbial additives
- 100% safe and gentle to the human body
- Provides continuous protection
- Performance tested in accordance with JIS Z 2801

SAFETY FEATURES FOR ADDED PEACE OF MIND

- Modern range of safety ledge pools
- Swimouts or generous bench seating in every pool
- Non-slip surfaces

FLEXIBILITY IN PERSONAL FITOUT OPTIONS

- Coping stones/headers
- Underwater lights easily fitted
- Spa jets, exercise jets and air channels can be fitted

QUALITY GUARANTEED

- In-house research and development division
- Over 37 years of technical leadership in the swimming pool industry

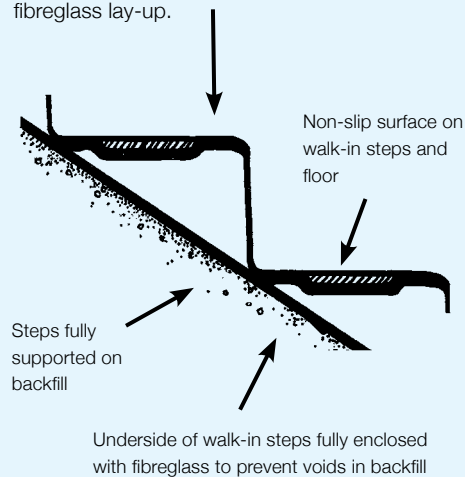

*Excludes safety ledge range #Conditions apply

SWIMMING POOL SPECIFICATIONS

Rest assured that when you purchase a pool from our superior fibreglass range the quality will be second to none. Each pool within the range features reinforced ribbing for extra strength. In addition, all pools are manufactured under strict quality control procedures with inspections done at each stage of the manufacturing process to ensure you receive the best product available.

STEP REINFORCEMENT

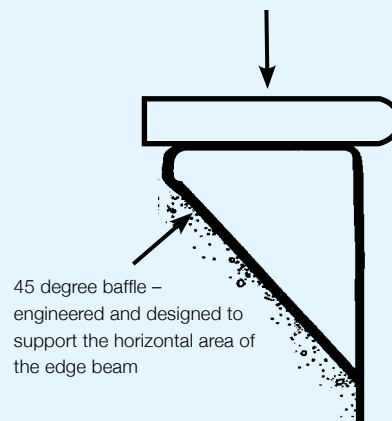

Each walk-in step reinforced with rot-proof polyurethane covered with double thickness fibreglass lay-up.

Support structures in the step area ensure backfill can easily and effectively be placed around the pool to sustain the entire structure. Without this, it would be impossible to ensure the backfill is consolidated under the step.

EDGE BEAM DETAIL

Non-slip surface or optional pavers designed to fit perfectly with no concrete ring beam needed so no chance of cracking through expansion at different rates.

The design of the edge beam coupled with the width at 200mm means that your pool is structurally sound without having to add any secondary engineering works. This means there is no need for a concrete ring beam because the pool is already structurally sound (except in highly reactive soils).

OUR TROPHY CABINET

The quality of the swimming pools we offer has not gone unnoticed. Numerous awards have been received for pool models right across the range including many local and national Swimming Pool & Spa Association (SPASA) Awards of Excellence and even International Awards of Excellence from the Association of Pool & Spa Professionals (APSP) - proof that the superiority of our pools is recognised the world over.

The range of pools we offer has won numerous awards, received over many years in the swimming pool industry.

PoolColourGuard®
Advanced Technology in Fibreglass Swimming Pools

Pool ColourGuard®

with a Lifetime Interior Surface Guarantee*

Available with our award winning range of fibreglass pools, Pool ColourGuard® is the world's only patented surface protection system that guarantees the colour will not fade.

Incorporating patented technology and backed by a Lifetime Interior Surface Guarantee,* a pool with Pool ColourGuard® offers the following benefits:

POOL COLOUR THAT DOES NOT FADE WITH A LIFETIME INTERIOR SURFACE GUARANTEE*

Even after years of regular use the pool is guaranteed to look as good as the day it was installed. The extensive range of fibreglass surface finishes is now protected from colour loss and weathering.

SUPERIOR DEFENCE AGAINST CHEMICALS AND WATER

Pool ColourGuard® offers pool owners a far greater level of comfort. Accidental and unintended readings of low pH and high chlorine levels will not harm the pool's brilliant colour or textured finish.

BRILLIANT HIGH GLOSS FINISH

A pool with Pool ColourGuard® has a brilliant, high gloss finish never before seen on swimming pools. Pool ColourGuard® imparts a very high gloss to the pool's surface which is maintained year after year.

WITHSTANDS THE EFFECTS OF UV RAYS

Pool ColourGuard® acts like sunscreen on your pool. It's ability to withstand UV radiation has been tested and proven. Special ultra violet absorbers and inhibitors are incorporated in the Pool ColourGuard® process to dramatically minimise any degradation of the surface by ultra violet light.

The result is a swimming pool that is available in brilliant, vivid colours that will not be bleached by chlorine, oxidised by chemicals or degraded by the effects of ultra violet rays. Only a pool with Pool ColourGuard® can offer you all of this.

Crystite® - with a Lifetime Interior Surface Guarantee*

A Crystite pool incorporates a unique, multi-layer construction and a dual gelcoat layer that acts like sunscreen for your pool, protecting the surface from exposure to UV-rays.

The ability of Crystite® to protect a swimming pool from fading has been tested and proven. As a result, all Crystite pools include a Lifetime Surface Guarantee – a testament to the long standing quality and strength of the swimming pools we offer.

A Crystite® surface finish includes a jewel-like brilliance that actually sparkles and is available in two stunning colour ranges including Crystite® Deluxe and Crystite® Classic.

CRYSTITE® DELUXE

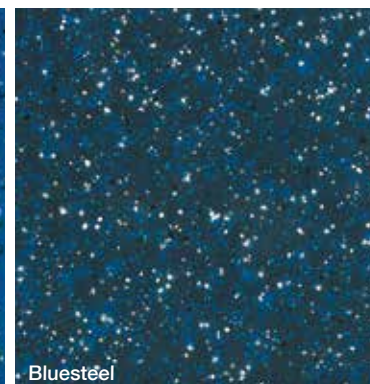

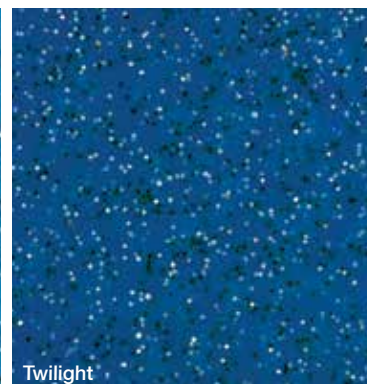

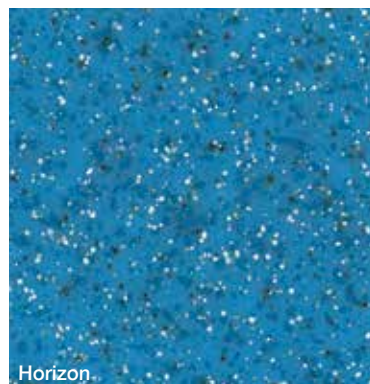

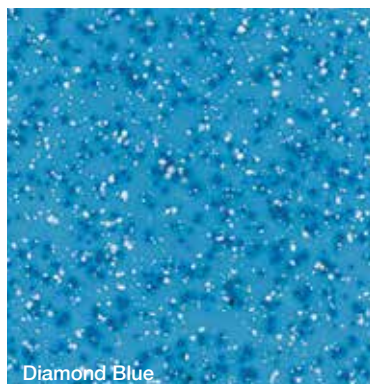

Coloured and silver chips are evenly distributed throughout the surface for a pool with a dramatic, brilliant finish that actually sparkles in the sun.

CRYSTITE® CLASSIC

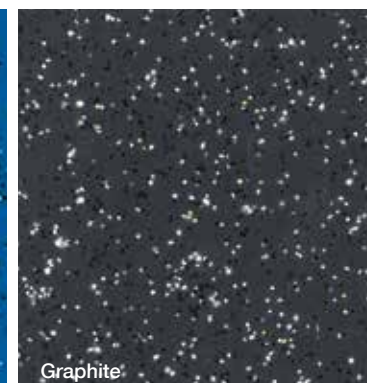

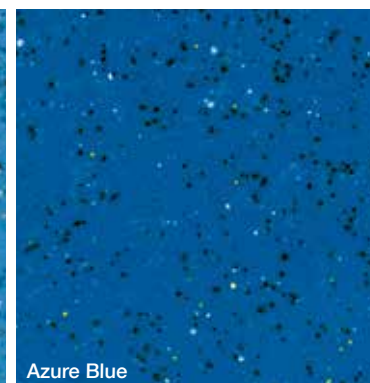

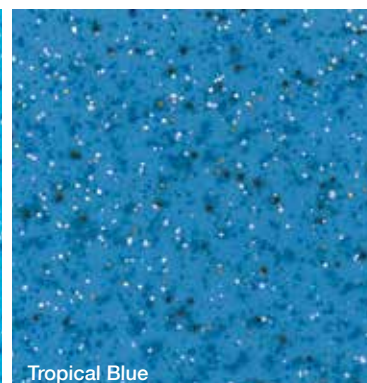

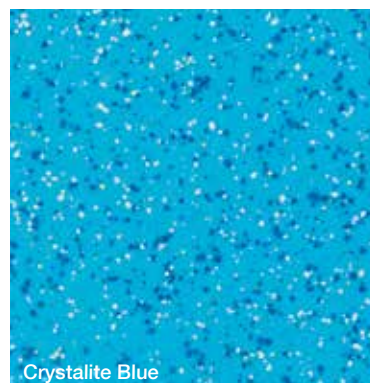

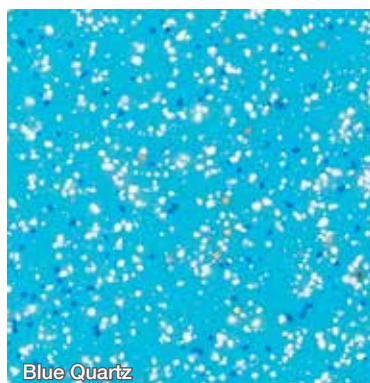

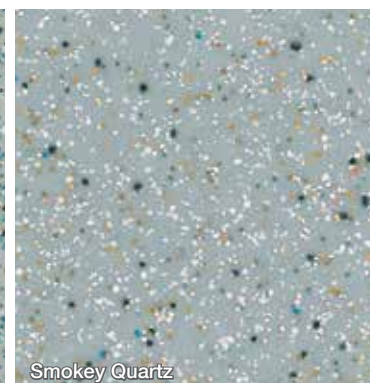

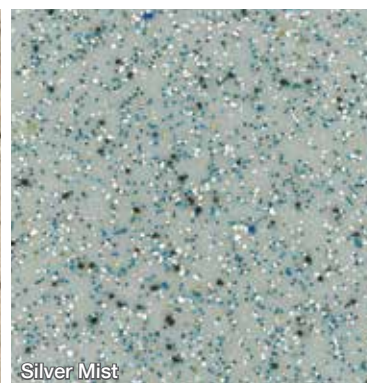

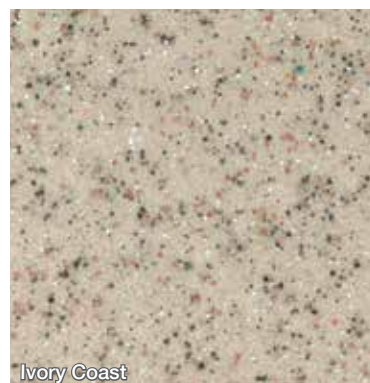

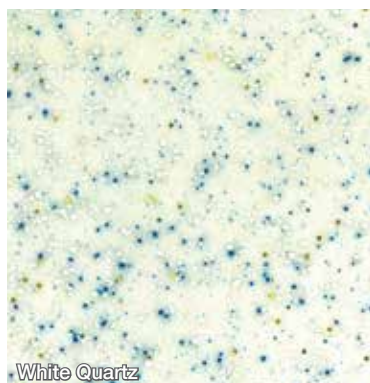

Take your pick from the popular classic range for a spectacular, yet more subtle shimmering pool surface with a Lifetime Surface Guarantee.

Crystite® Deluxe

Crystite® Classic

Every effort has been made to represent the true colours, however variations may occur due to the printing process. We recommend viewing colour samples before making your final selection.

Galaxy Cyber, Decraflec & Traditional

In addition to Pool ColourGuard® and Crystite®, we offer the complete range of standard surface finishes from Aqua Technics, Sapphire Pools and Buccaneer Pools. Select the colour that reflects your unique tastes and personality from our extensive range and bring a splash of colour into your backyard.

GALAXY CYBER*

Exclusively developed with the help of one of Australia's leading research chemists, the Galaxy Cyber range incorporates Mica Colour Technology. Natural mica chips are added to offer a brilliant glitter effect and superior fade resistance.

DECRAFLEC

A cultured finish embedded with large silver chips to give your pool a stunning sparkle. Includes a high quality, durable gelcoat for greater depth of colour that shimmers in the sun.

TRADITIONAL RANGE

Select from a spectrum of colours in our standard range perfectly suited to any outdoor area.

*Galaxy Cyber is only available with the Buccaneer Pools range. Refer to pools labelled BP.

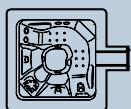

Every effort has been made to represent the true colours, however variations may occur due to the printing process. We recommend viewing colour samples before making your final selection.

Our collection of the best fibreglass pools

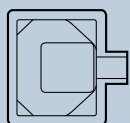

We are your one-stop shop for a superior range of swimming pools from WA's leading manufacturers Aqua Technics, Buccaneer Swimming Pools and Sapphire Pools. All of our designs are ordered here from smallest to largest, so all you need to do is choose the one that is perfect for your backyard.
